GenAIEdu - Integrating Generative Ai In Adult Education: Empowering Teachers, Trainers And Facilitators

The **GenAIEdu training program** offers a series of online self-contained courses aimed at teachers, trainers, and facilitators who are interested in integrating GenAI into their practices while taking ethical considerations into account.

The GenAIEdu training program consists **of seven self-contained** courses, **each lasting for approximately four hours**:

- Course 1: Introduction to AI
- Course 2: Introduction to Generative AI
- Course 3: Generative AI and Digital Resources
- Course 4: Generative AI in Teaching and Learning
- Course 5: Generative AI in Assessment
- Course 6: Empowering Learners with Generative AI
- Course 7: Facilitating Learners' Digital Competence with Generative AI

The training program provides teachers and trainers with the knowledge and competences necessary to effectively leverage GenAI technologies in adult educational settings.

The training programme **is available in English** and it **is free of charge** on ALL DIGITAL Academy:

<https://platform.alldigitalacademy.eu/>

Along with the online courses, participants have the opportunity to attend **online workshops and webinars** providing you with a deeper understanding and offering space for feedback and discussion with the course designer and experts (see at the bottom for more details).

ALL DIGITAL Academy

The **ALL DIGITAL Academy (ADA)** is an EU-funded project, conceived to support adult educators and trainers by offering upskilling training activities on emerging digital technologies. The project also aims to strengthen capacity building and connect learning centres for ongoing digital transformation to increase the quality, relevance, and impact of their activities.

The ALL DIGITAL Academy (ADA) project is implemented by a consortium of three (3) partners from three (3) European Union member-states (the ALL DIGITAL (<https://all-digital.org/>) from Belgium, **the DAISSY Research Group of the HELLENIC OPEN UNIVERSITY** (<http://daissy.eap.gr/en/>) from Greece and THE UNIVERSITY OF NAPLES FEDERICO II (UNINA) from Italy (<https://www.international.unina.it>)) and is dedicated to supporting this mission with a compilation of enriching training content from various European projects – ADA, DigCompHub, IBox and GenAIEdu.

What kind of training content ADA offers?

- Massive Open Online Courses (MOOCs) - free training offer for adult educators and trainers on a variety topics from emerging technologies to digital competences

- Community of Practice (COP)- hub for digital competence practitioners and stakeholders to connect and exchange practices
- Open Educational Resources

The platform is available here: <https://platform.alldigitalacademy.eu/>
